HITACHI AIR CONDITIONING SYSTEMS

About us

Smart Electrical and Mechanical Solutions(SEAMS) is a company, into sales, installation and maintenance of HITACHI air conditioning systems. we are a major distributor of Hitachi Air conditioning units. we have over time built a wealth of experience and expertise in air conditioning, which makes us every users favourite stop for any air conditioning unit.

Why Hitachi

Steeped in Japanese tradition yet propelled by constant innovation, we offer cutting-edge products to provide solutions that foster comfort, efficiency and reliability in all projects. We spend over 90% of our lives indoors and these environments should be a place of harmony and comfort. This is what we want our customers to experience, wherever they are. This drives us to constantly innovate and develop cutting edge, premium products that are reliable, and to share our expertise with our customers around the world. This is a promise we have kept since the 1930s.

Our Product range

Residential units - Wall mounted Split unit

Professional units - DX Systems - Chillers, Primary Cassette Air conditioner, Primary Ducted Air conditioner, RAS Large Ducted Air conditioner, Primary Floor & Ceiling Convertible Air conditioner, RUA Rooftop Package Air Conditioners

VRF Systems - JNBBQ Series, HNRQ Series, HNCQ Series, FSXNS/FSXNP Series, FSNS/FSNP Series, FSNSE1/FSNPE1 Series, Air cloud Pro, Central Controllers, Individual Controller.

WALL MOUNTED SPLIT UNIT

WALL MOUNTED SPLIT UNIT

BELOW ARE DIFFERENT SERIES OF WALL MOUNTED SPLIT UNITS:

ZUNOH Q (Cool only – High Efficiency – High Ambient),
GH (50Hz) & GKH (60Hz) Series (Inverter Heat Pump),
G -Series Inverter (Cool Only),
RQH (Heat pump – High Ambient),
ZUNOH B (High Ambient Temperature - Cooling Only)

KEY FEATURES

Odour-free air
Soft dry*

Silent air
Wave blade design

Surround air
Big flow deflector

Tropical compressor
Designed for extreme summer

Sterile & durable
Stainless steel filter

Gold Fins coating
Condensers in our outdoor units are protected by a special anti-corrosion coating that lasts longer than standard coatings.

OTHER FEATURES

Environment-friendly
Eco-friendly refrigerant

Wide area coverage
Far reaching air throw

Ideal for comfort
Auto fan speed

Filter clean indicator*
Performance drop alert

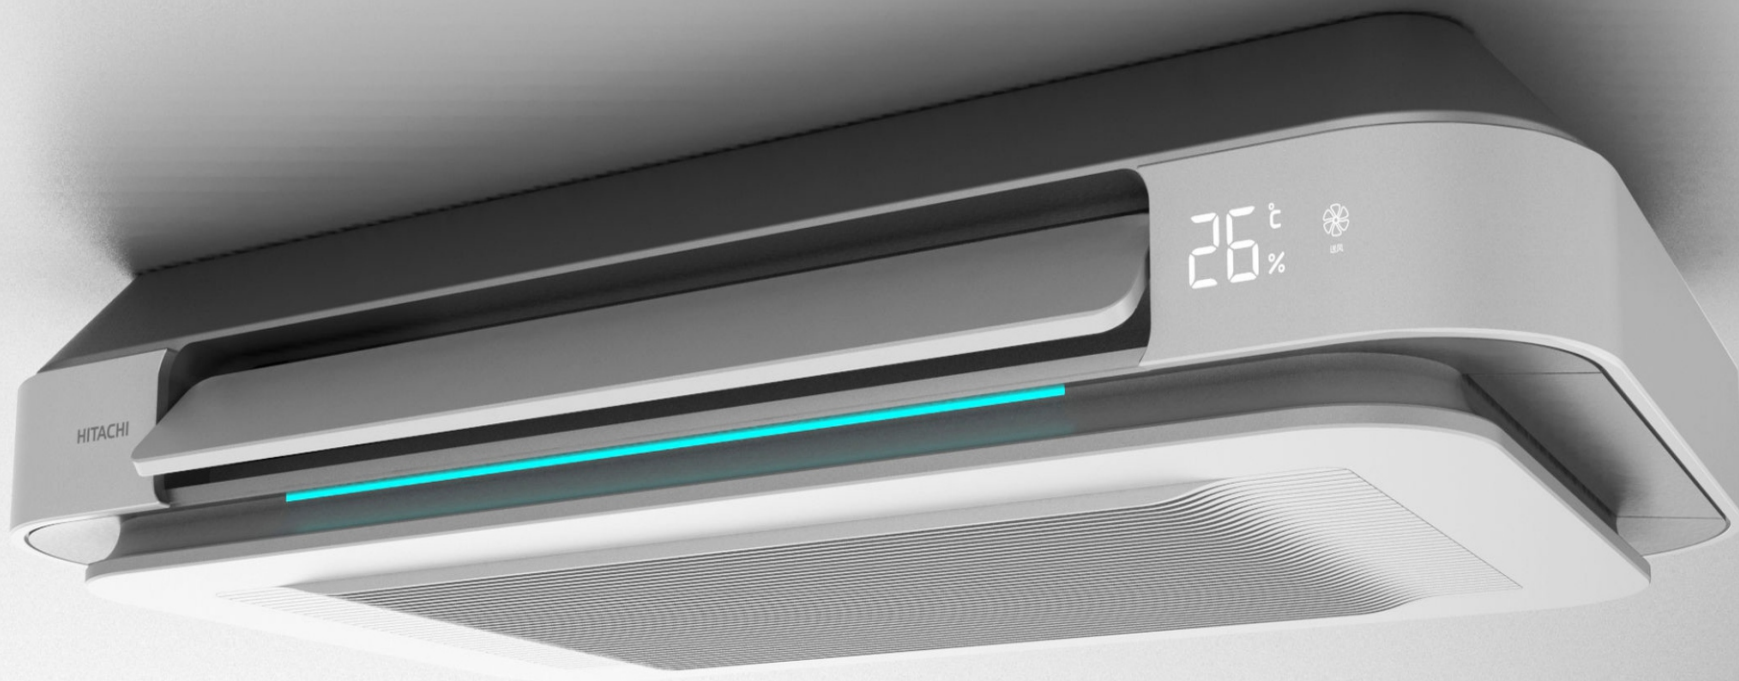

LCD remote
Remote with a LCD display

Auto restart
Starts working automatically

DX SYSTEMS

Air-Cooled Chiller H Series

The new air cooled chiller "h Series" with improved efficiency and functionality by several advance technology.

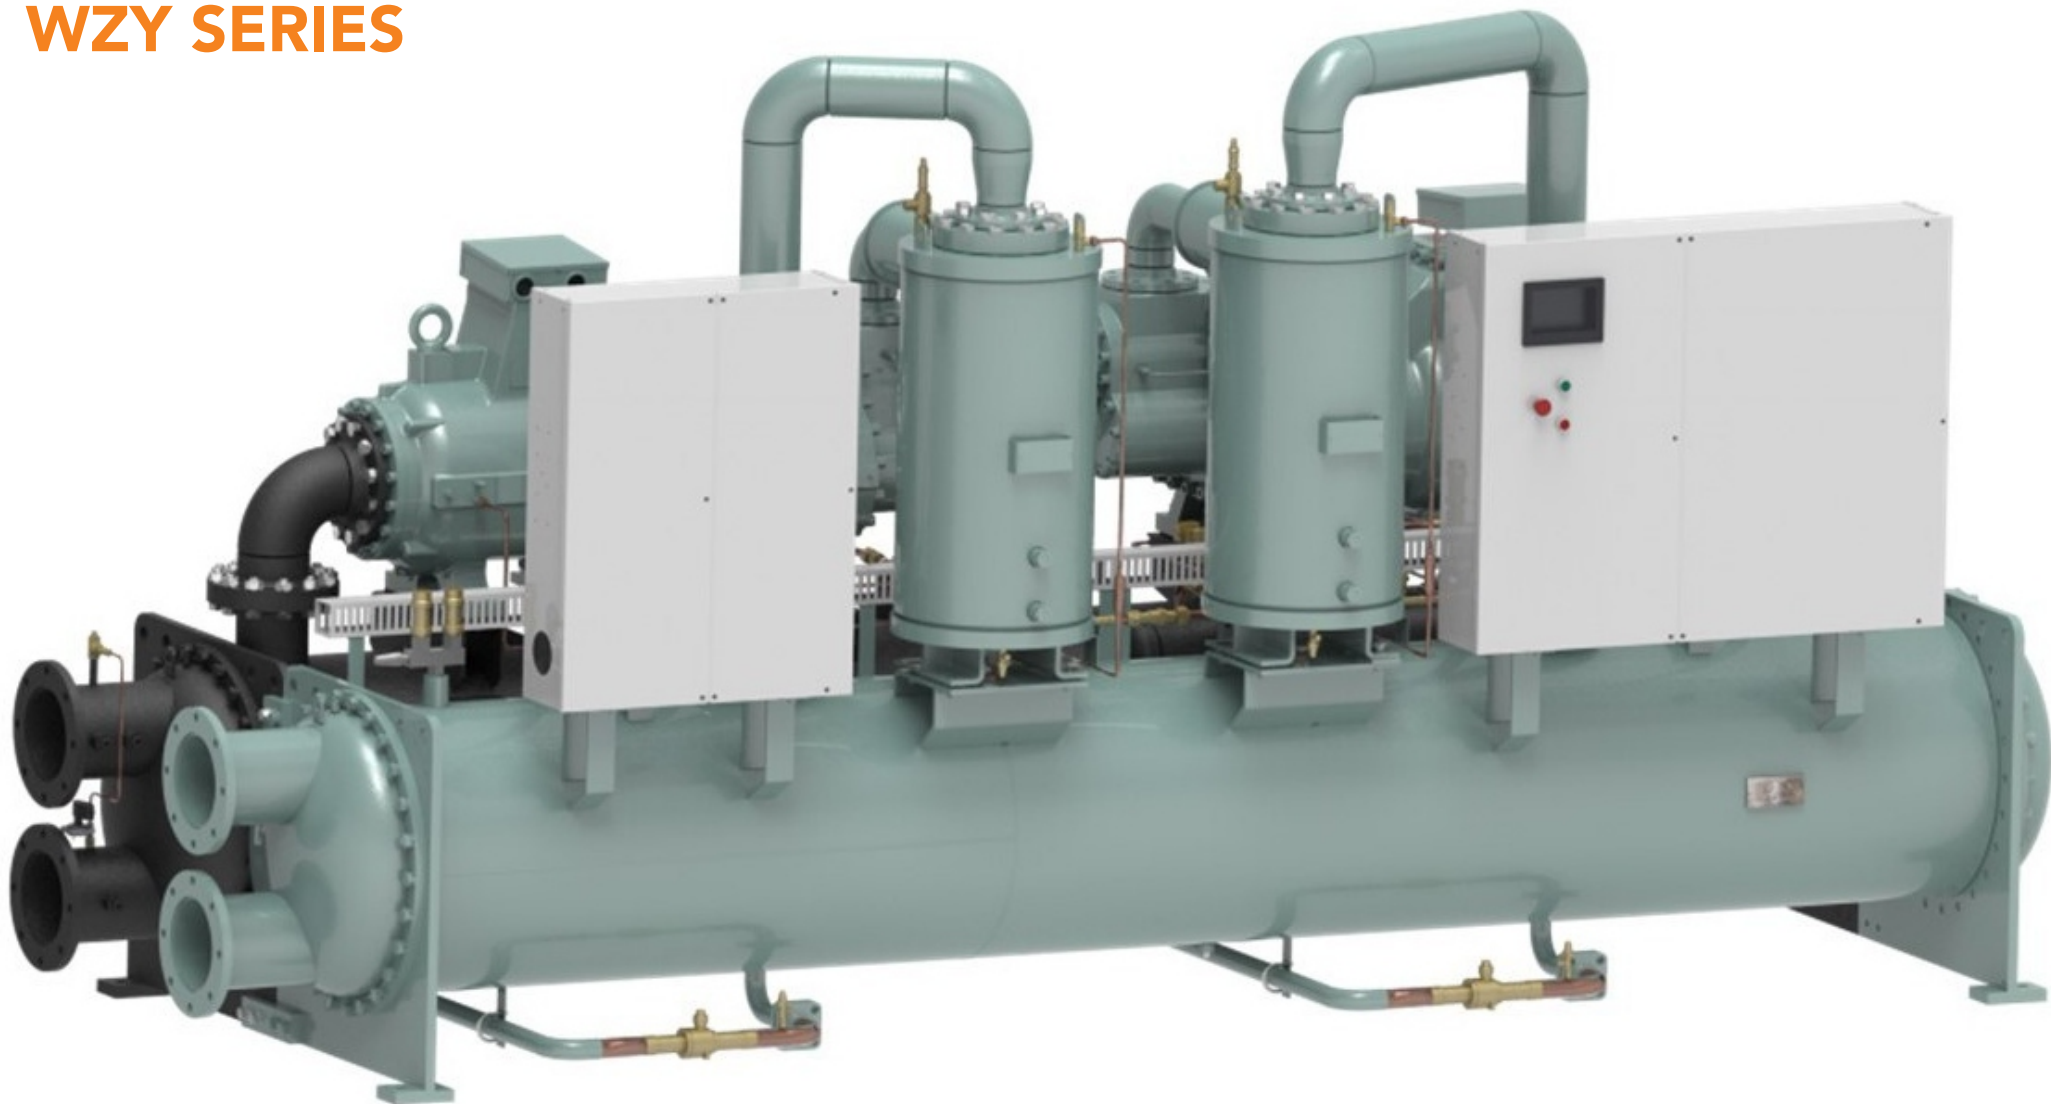

Modular Air-cooled Inverter Scroll Chiller

The new V Series is designed to meet demanding environmental requirements, both today and tomorrow. In an effort to reduce the energy consumed by cooling and heating, Hitachi has developed the V Series Modular Inverter Scroll Chiller by leveraging the latest inverter compressor technology. Its exceptional efficiency at both full load and part load set new benchmarks for the industry, making the new V series stand out as the premium solution for small-to-medium size commercial and industrial applications.

**Modular Air-cooled
Inverter Scroll Chiller RC(H)UA-AVSY Series**

Water-cooled Screw Chiller WZY SERIES

CASSETTE

Cassette units are especially suited to narrow ceiling cavities or high ceilings. They fit to a standard ceiling grid and can be easily incorporated between light panels and other overhead fixtures.

Our range is designed to provide small and medium businesses with reliable climate control solutions that excel in comfort and efficiency.

PRIMARY Cassette Air Conditioners

Primary Cassette AC series:

1. Fixed Speed – Cooling Only for High Ambient
2. Fixed Speed - Heat Pump
3. Inverter – Heat Pump

DUCTED

The efficient design makes the Ducted unit especially discreet. Ducted units can be installed in multiple points to thoroughly aerate each part of a space.

PRIMARY Ducted Air Conditioners

Primary Ducted AC series

1. High Ambient - Cool Only
2. Fixed Speed - Heat Pump
3. Inverter – Heat Pump

DUCTED

RAS Large Ducted Air Conditioners

Hitachi proudly presents to our customers this wide range of Fixed Speed Cooling Only Large Ducted Air conditioners, from 3.5 to 13.5 Tons, which is designed for High Ambient 50 HZ region

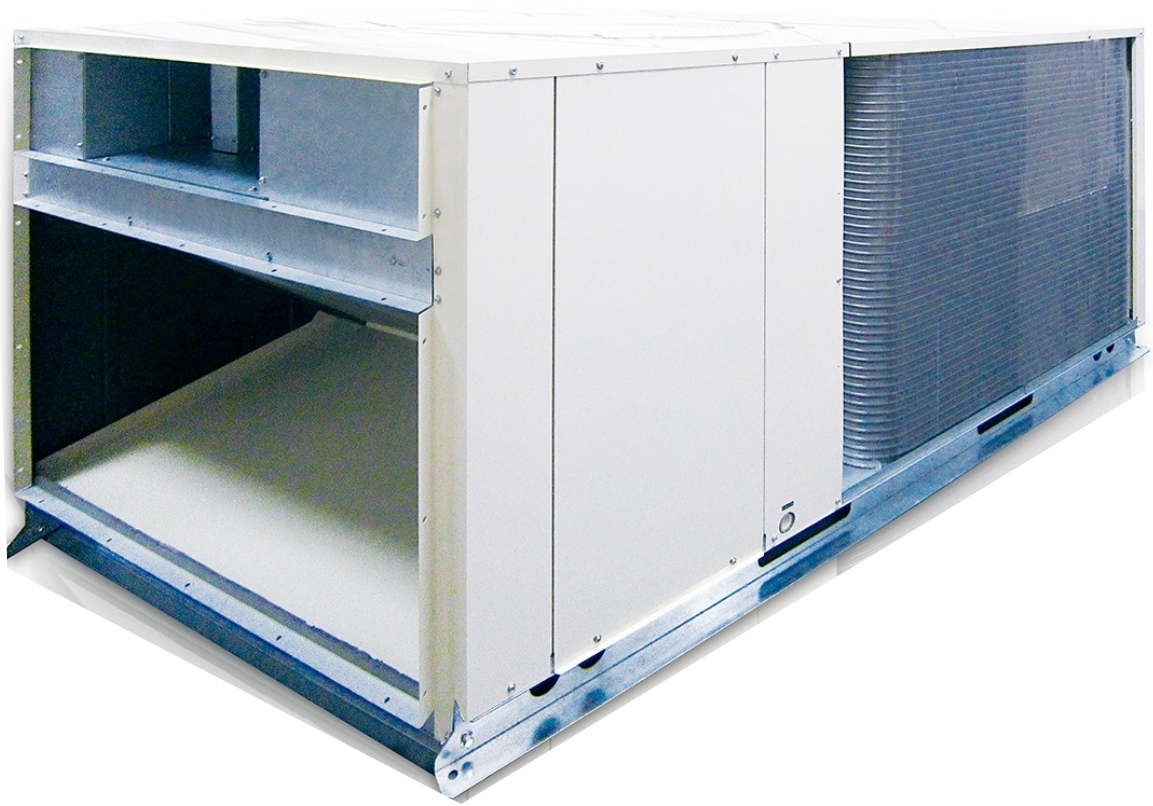

FLOOR AND CEILING CONVERTIBLE

PRIMARY Floor & Ceiling Convertible Air Conditioners

PRIMARY Floor & Ceiling Convertible AC series:

- 1.. Fixed Speed - Heat Pump
2. Inverter – Heat Pump

RUA Rooftop Package Air Conditioners

Easy installed, dependable cooling for your business enterprise.

VRF SYSTEMS

Our VRF systems offer multi-zone climate control technology that help minimise energy consumption without compromising on performance or comfort.

VRF SYSTEMS

JNBBQ Series
